JENSEN

JTK®-86Technician's Tool Kit

- Our most popular lightweight technician's kit
- Lightweight...only 8 lbs!

You wouldn't expect to find a selection of tools like this in a zipper case. A complete 13-piece 1/4" drive socket set including ratchet, spinner handle and extensions, 9-blade foldup hex key set, 11-blade feeler gauge, plus locking pliers. Also includes a set of four miniature Phillips metric screwdrivers, DIP remover, DIP clip, hemostat, trimpot adjusting tool, solder remover and other solder equipment, pliers and cutters, assorted screwdrivers, wire stripper, and more (see complete listing below). Two outside pockets are 6 x 10 x 2", and one is 12 x 10 x 2". Padded web strap handles and D-rings attached for optional shoulder strap.
